Summary

I am a software developer passionate about developing interactive, user-friendly websites. I am currently building using the Jamstack/ MERN (MongoDB, Express.js, React.js, Node.js) stack, but I am willing to learn any technology to get the job done.

I will graduate from Gwinnett Technical College with a degree in Web Design and Development in May 2022.

Tools
Html, Css, Javascript, React.js, Next.js, Bootstrap, Tailwind.css, Git/Github, Node.js, sql, MongoDB

Ramsey Investment Calculator
This is a clone of an investment calculator I use often.
Built using Next.js (React.js framework), QuickChart api, Context api, and Tailwind.css
